

Double Brite

Premium Aluminum Cleaner/Brightener

Economical

Fast Acting

Easy-To-Use

Rinses Easily

Non-Streak, Non-Stain Formula

Double Brite is a highly concentrated formulation that is a fast acting acidic cleaner, that penetrates and breaks up white oxides, road film, scum and diesel smoke deposits. This powerful product requires no heavy scrubbing, buffing, or polishing. **Double Brite** also contains soil suspending agents to allow for rinsing with high pressure equipment.

Double Brite may be readily used in spray and foam equipment that has been fitted with an acid injector.
