

Aero-Grease

Premium Aerosol, Non-Melt Grease

Impervious to Moisture

Stable at Temperatures Up to 500° F

Gives Long Lasting Lubrication

Non-Melting

Aero-Grease is a fine industrial grade grease at your fingertips in a convenient aerosol container. It will assure protection of your equipment and machinery, improve operation and reduce maintenance costs.

Aero-Grease sprays out as a thick paste, then sets up as a grease in minutes. This lubricant is designed to get into those hard to reach places, and provide long lasting lubrication.
