DT-20

Fleet Brite

Premium Aluminum Cleaner/Brightener

Economical
Fast Acting
Easy-To-Use
Rinses Easily
Non-Streaking

Fleet Brite is a highly concentrated formulation that is a fast acting acidic cleaner, that penetrates and breaks up white oxides, road film, scum and diesel smoke deposits. This powerful product requires no heavy scrubbing, buffing, or polishing.

Fleet Brite also contains soil suspending agents to allow for rinsing with high pressure equipment.

Fleet Brite may be readily used in spray and foam equipment that has been fitted with an acid injector.
