

All Safe

Non-Flammable Safety Solvent

Nonconductive to 29,000 Volts

Fast Drying

Non-Flammable

No Residue

All Safe is a fast drying, non-flammable, chlorinated solvent designed to remove dirt, grease, oil and grime from surfaces of electrical equipment where there is the possibility of a residual electrical potential, such as a capacitor.

All Safe is nonconductive to 29,000 Volts and is the ideal solvent to clean electric motors, generators and power tools. It dries quickly and leaves no residue behind.

All Safe may be harmful to some plastics upon prolonged contact. Always test in a small, inconspicuous area first.
