

**BIG GUY** is a heavy duty foam detergent coil cleaner in the convenience of an aerosol can. **BIG GUY** is especially suited for use on most coils such as window air conditioners, roof top HVAC units, auto radiators, small air cooled equipment, small condenser and evaporator coils, metal filters and fan blades. **BIG GUY** is water-based and contains no chlorinated solvents or ozone depleters. Equipped with a special 360° valve, **BIG GUY** can be sprayed in any position while the blasting stream easily reaches into tight areas. The aggressive alkaline detergent blend quickly and easily liquefies dirt, grease, oil or other residue and deposits. Fortified with corrosion inhibitors to prevent metal degradation, **BIG GUY** will not harm drain pans and plastics. The clinging foam is completely self-rinsing on condensate producing coils. Simply spray on and condensation generated will wash away the emulsified material. The pleasant lemon fragrance helps leave surfaces not only cleaned but deodorized.

**BIG GUY** is a powerful "emulsion degreaser" which may also be used to clean engines, boats, lawn mowers, concrete floors and many other greasy surfaces.

**DIRECTIONS:**

Turn fan off or disconnect power to unit being serviced. Shake well. Remove cap and point toward the unit surface to be cleaned. Thoroughly saturate the targeted area with product. Be sure foam evenly covers the entire surface. With this self-rinsing formula, the foam will break and condensation accumulation will completely rinse the emulsified material. However, you can wipe clean or rinse with water if desired or if using on non-condensation producing coils. For extremely stubborn or heavy deposits, repeat applications may be necessary. Turn on or return power to the unit.

**WARNING:**

Flammable Aerosol. Contains gas under pressure; may explode if heated. Causes eye irritation.

Keep away from heat, sparks, open flames, and hot surfaces. -No smoking. Do not spray on an open flame or other ignition source. Pressurized container: Do not pierce or burn, even after use. Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F. Store in a well-ventilated place. Wash hands thoroughly after handling. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention.

**CONTAINS (CAS#):** Water (7732-18-5), 2-Butoxyethanol (111-76-2), Propane/n-Butane (68476-86-8), Isopropyl Alcohol (67-63-0), EDTA (60-00-4).
