CARE

EZ Brite

Premium Aluminum Brightener

Concentrated

Fast Acting

Rinses Easily

EZ Brite is a highly concentrated, acid-based aluminum brightener. It will remove oxides, road film and diesel smoke deposits without heavy scrubbing.

EZ Brite can be used to brighten aluminum surfaces alone or used with EZ Wash in a two step truck washing system.

EZ Brite can be used through spray and foam equipment that is fitted with an acid injector.

Part#	0722
Form	Liquid
Color	Blue
Odor	None
