

Unique

Porcelain and Stainless Steel Cleaner

Removes Soap Scum

Deodorizes

Economical

Biodegradable

Unique is a special mild, effective cleaner that combines detergents and wetting agents coupled with a phosphoric acid base. It quickly and safely removes rust, scale, and organic matter from all types of porcelain and stainless facilities.

Unique is a multi-purpose product that will provide sparkling clean porcelain and stainless steel fixtures and can be used safely.

Unique is also excellent for cleaning urinals and toilet bowls to replace harsh acids with fowl odors.
