

INDUSTRIAL

P.W.S. 142

Parts Washer Solvent

Low Odor

Concentrated

Dissolves Grease, Oil, Ink & Sludge

Contains Corrosion Inhibitors

Non-Flammable

P.W.S. 142 quickly penetrates and removes grease, oil, carbon, dirt, and tar from metal parts. The built-in emulsifiers hold grease and dirt in suspension for easy removal by wiping or rinsing with water. It is equally effective for spraying, brushing, wiping or dipping applications.

P.W.S. 142 has a flash point at 142° F, which means it is not flammable like most parts washer solvents.
