

Instant

Hand Sanitizing Gel

Kills 99.9% of Common Germs

Does Not Dry Out Skin

Dries Rapidly

Instant is an alcohol-based hand sanitizer that kills 99.9% of most common germs.

Instant contains special conditioners to prevent hands from drying out and does not leave a sticky film or residue on hands.

Instant reduces the transfer of germs in medical offices, hospitals, nursing homes, daycares, schools, athletic facilities, banks, police departments, firehouses, kitchens, offices, wastewater facilities, etc.
