

**DC MIST COTTON
METERED AIR FRESHENER**

This line of metered air fresheners chemically works to neutralize unpleasant odors. Products can be used in conjunction with many automatic actuating aerosol dispensers that deliver fresh fragrance every 15 minutes. One can will keep an area constantly deodorized for up to 30 days. All of the active ingredients are released, making this the most effective technology for odor counteracting on the market today. The fine, dry mist is non-staining. The fragrance stays suspended in the air long after the offensive odor has been destroyed, creating a pleasant atmosphere.

DIRECTIONS FOR USE

Place can inside dispenser positioned for automatic actuation. For best results, dispenser should be mounted above eye level.

CAUTION: Contains a flammable propellant. Do not use where emittance is near open flame or sparks. Contents under pressure. Do not puncture or incinerate container. Do not store near heat, in direct sunlight or at temperatures above 120° F. Keep out of reach of children.

CONTAINS (CAS#): Acetone (67-64-1), Isoparaffinic Hydrocarbon (64742-47-8), Propane (74-98-6).
