

This is a highly concentrated solvent designed to remove dirt, grease, oil and grime from metallic and non-metallic surfaces. Cleaning is quick and simple without the danger of injury to working parts. This solvent is ideally suited for use on electric motors (even while running), ignition systems, typewriters, generators, power tools, etc. It is non-flammable and non-conductive so it will not short motors, generators, other electrical equipment, or increase fire hazard.

It easily removes grease and tar, adhesive marks, crayon, lipstick, chewing gum, ink and fresh paint. It is excellent for removing these spots from upholstery, fabrics, rugs, clothing, metals and other surfaces.

This product is for use by trained professionals only. NOT FOR RETAIL SALE.

Energized equipment use only. Not to be used for motorized vehicle maintenance or their parts. NOTE: Do not use on automatic electronic process control or monitoring systems, computers or data processing equipment. May affect certain plastics. Test before using.

DIRECTIONS: IMPORTANT: Prolonged contact with aluminum will cause discoloration. While safe to use on most plastics and rubbers the solvent will soften and eventually dissolve polystyrenes (such as styrofoam) and polycarbonates (such as Lexan, Merlan, etc.) Always test in an inconspicuous area to check product for compatibility. Remove cap, place finger on top of actuator, point toward surface to be cleaned and press. Saturate to desired level. For the cleaning of confined areas and small exact spots, insert the plastic extension tube provided into the valve opening until it bottoms, then spray.

DANGER: Contains gas under pressure; may explode if heated. Causes skin and serious eye irritation. May cause cancer. May cause drowsiness or dizziness. Suspected of causing genetic defects. May be fatal if swallowed and enters airways.

Keep away from heat, sparks, open flames, and hot surfaces. —No smoking. Do not spray on an open flame or other ignition source. Pressurized container: Do not pierce or burn, even after use. Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F. Store in a well-ventilated place. Wash hands thoroughly after handling. Wear protective gloves, eye protection, and protective clothing. If on skin: Wash with plenty of water. If skin irritation occurs: Get medical attention. Take off contaminated clothing and wash before reuse. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. If exposed or concerned: Get medical advice or attention. Avoid breathing fumes, mist, vapors, and spray. Use only outdoors or in a well-ventilated area. If inhaled: Remove person

to fresh air and keep comfortable for breathing. Call a poison center or doctor if you feel unwell. If swallowed: Immediately call a poison center or doctor. Do NOT induce vomiting. Dispose of contents and container in accordance with local, state, and national regulations.

PELIGRO: Contiene gas a presión; Puede explotar si se calienta. Causa irritación de la piel y ocular grave. Puede causar cáncer. Puede causar somnolencia o mareos. Se sospecha que causa defectos genéticos. Puede ser fatal en caso de ingestión y entra por las vías respiratorias. Mantenga lejos de calor, chispas, llamas abiertas, y superficies calientes. —No fumar. No pulverice en llamas abiertas u otra fuente de ignición. Envase presurizado: No perforar ni quemar, incluso después de usar. Proteja de la luz solar. No exponga a temperaturas que excedan 50°C/122°F. Almacene en un lugar bien-ventilada. Lávese bien las manos después de manipular. Use guantes de protección, protección ocular y ropa de protección si en la piel: Lave con bastante agua. Si irritación en la piel ocurre: Obtenga atención médica. Remueva la ropa contaminada lávela antes de utilizar. Si cae en los ojos; Enjuague cuidadosamente con agua durante varios minutos. Remueva lentes de contacto, si están presentes y fáciles de remover. Continúe enjuagando. Si persiste la irritación ocular: Consulte con un médico. Obtenga instrucciones especiales antes de utilizar. No manipule antes de haber leído y comprendido todas las precauciones de seguridad. Si ha sido expuesto o preocupado: Obtenga consejo médico o atención. Evite respirar el humo, niebla, vapores y rocío. Utilice únicamente en el exterior o en un lugar bien ventilado. Si se inhala: Remueva la persona al aire fresco y mantenga cómoda para respirar. Llame al un centro de control de venenos o a un médico si se encuentra mal. Si ingiere: Llame al un centro de control de venenos o a un médico si se encuentra mal. NO induzca vomito. Elimine el contenido y envase de acuerdo con las ordenanzas locales, estatales, y reglamentos nacionales.

WARNING: This product can expose you to chemicals including Trichloroethylene, which is known to the State of California to cause cancer. For more information go to www.P65Warnings.ca.gov.

ADVERTENCIA: Este producto puede exponerlo a sustancias químicas, incluyendo el tricloroetileno, que es conocido en el estado de California como causantes de cáncer. Para obtener más información vaya a www.P65Warnings.ca.gov.

CONTAINS (CAS#): Trichloroethylene (79-01-6), Carbon Dioxide (124-38-9), Tetrachloroethylene (127-18-4).
