

DIRECTIONS:

Spray onto surface or into area to be treated with a sprayer. **ZERO** reacts with organic and chemical malodors on a molecular level to remove them. Odors will disappear almost instantly.

This product may be used on hard surfaces or fabrics. Always test in a small, unobtrusive area first.

Excellent for on fabrics such as curtains and furniture to remove the smell of smoke.

ZERO

Odor Control Agent

Traps & Absorbs Odors

WARNING

KEEP OUT OF REACH OF CHILDREN
Net Contents: 1 quart (0.95 L)

ZERO is a liquid odor control agent that contains zinc salt compounds that neutralize odors through multiple chemical processes. It will neutralize the odor from organic sources, smoke, humans/animals, as well as chemical odors such as some acids, amines, mercaptans and thioethers including hydrogen sulfide and ammonia.

1875-Q12
